LIST OF BOOKS 251

LIST OF ARTICLES AND SHORTER WORKS 262

JESUIT STAFF WRITERS AND EDITORS 312

NOTE: This list was put together for the most part from the list of published works sent annually by the Fathers Socius to the librarian of the Society, the results of which are published in the *Index Bibliographicus Societatis Jesu*. Entries without province identification refer either to Jesuits outside of the American Assistancy or to those whose provinces we were unable to ascertain before our deadline was upon us. We have used every means available to insure accuracy and thoroughness, but we will be greatly surprised if there is not something left to be desired on both counts. So for these and all our other faults we humbly beg the forgiveness of all our authors and will undertake the condign penance of being better organized next time around. ■
